

## **GDPR Privacy Notice – this notice provides information about the processing of pupils’ personal data.**

Furness Vale Primary School processes personal data about its pupils and is a “data controller” in respect of this for the purposes of the Data Protection Act 1998. It processes this data to: support its pupils’ teaching and learning; to monitor and report on their progress; provide appropriate pastoral care; and assess how well the school as a whole is doing

### **Who processes your information?**

Furness Vale is the data controller of the personal information you provide to us. This means the school determines the purposes for which, and the manner in which, any personal data relating to pupils and their families is to be processed.

In some cases, your data will be outsourced to a third-party processor: this will only be done with your consent, unless the law requires the school to share your data. Where the school outsources data to a third-party processor, the same data protection standards that Furness Vale Primary School upholds are imposed on the processor.

### **Why do we collect and use your information?**

Furness Vale Primary School holds the legal right to collect and use personal data relating to pupils and their families, and we may also receive information regarding them from their previous school, LA and/or the DfE. We collect and use personal data in order to meet legal requirements and legitimate interests set out in the GDPR and UK law, including those in relation to the following:

- Article 6 and Article 9 of the GDPR
- Education Act 1996
- Section 3 of The Education (Information About Individual Pupils) (England) Regulations 2013

In accordance with the above, the personal data of pupils and their families is collected and used for the following reasons:

- To monitor and report on pupil progress
- To provide appropriate pastoral care
- To assess the quality of our service
- To comply with the law regarding data sharing
- To support pupil learning

## **Which data is collected?**

The categories of pupil information that the school collects, holds and shares includes the following:

- Personal information – e.g. names, pupil numbers and addresses
- Characteristics – e.g. ethnicity, language, nationality, country of birth and free school meal eligibility
- Attendance information – e.g. number of absences and absence reasons
- Assessment information – e.g. national curriculum assessment results
- Relevant medical information
- Information relating to SEND
- Behavioural information – e.g. number of temporary exclusions
- Photographs – these will be used to aid our records management and attendance procedures

Whilst the majority of the personal data you provide to the school is mandatory, some is provided on a voluntary basis. When collecting data, the school will inform you whether you are required to provide this data or if your consent is needed. Where consent is required, the school will provide you with specific and explicit information with regards to the reasons the data is being collected and how the data will be used.

The categories of parent information that the school collects, holds and shares includes the following:

- Contact information, including addresses, phone numbers and email addresses of parents and/or any other emergency contacts
- Financial information where appropriate, e.g. to check eligibility for FSM
- Information pertaining to home life where appropriate, e.g. where a pupil is identified as having a mental health issue or there are safeguarding concerns

## **How long is your data stored for?**

Personal data relating to pupils at Furness Vale Primary School and their families is stored in line with the school's GDPR Data Protection Policy, which can be found on our website.

In accordance with the GDPR, the school does not store personal data indefinitely; data is only stored for as long as is necessary to complete the task for which it was originally collected.

## **Will my information be shared?**

The National Pupil Database (NPD) is managed by the DfE and contains information about pupils in schools in England. Furness Vale Primary School is required by law to provide information about our pupils to the DfE as part of statutory data collections. This information includes: name, DOB and gender, contact details, national curriculum assessment results,

attendance information, characteristics such as ethnic group, special educational needs and any relevant medical information. Some of this information is then stored in the NDP. The DfE may share information about our pupils from the NDP with third parties who promote the education or wellbeing of children in England by:

- Conducting research or analysis.
- Producing statistics.
- Providing information, advice or guidance.

The DfE has robust processes in place to ensure the confidentiality of any data shared from the NDP is maintained.

Furness Vale Primary School will not share your personal information with any third parties without your consent, unless the law allows us to do so. The school routinely shares pupils' information with:

- Pupils' destinations High School
- The Local Authority
- The NHS

The information that we share with these parties includes the following:

- Pupil personal details
- Parent/Carer names, addresses and contact numbers

From time to time the school is required to pass on some of this data to local authorities, the Department for Children, Schools and Families (DCSF), (which also has responsibility for ContactPoint. – see below) and to agencies that are prescribed by law, such as the Qualifications and Curriculum Authority (QCA), Ofsted, the Learning and Skills Council (LSC), the Department of Health (DH), Primary Care Trusts (PCT). All these are data controllers for the information they receive. The data must only be used for specific purposes allowed by law.

The Children Act 2004 Information Database (England) Regulations 2007 requires maintained schools to supply basic contact information to ContactPoint. ContactPoint is a directory that will help people who work with children and young people to quickly find out who else is working with the same child, making it easier to deliver more coordinated support.

The Local Authority (LA) uses information about children for whom it provides services to carry out specific functions for which it is responsible, such as the assessment of any special educational needs the child may have. It also uses the information to derive statistics to inform decisions on (for example) the funding of schools, and to assess the performance of schools and set targets for them. The statistics are used in such a way that individual children cannot be identified from them. The LA is also required to maintain the accuracy of the information held on ContactPoint about children and young people in their area. The contact details are:

[www.derbyshire.gov.uk](http://www.derbyshire.gov.uk)  
Data Protection/Freedom of Information Officer,  
Derbyshire County Council,

County Hall,  
Matlock,  
DE4 3AG

The Qualifications and Curriculum Authority (QCA) uses information about pupils to administer the national curriculum assessments portfolio throughout Key Stages 1 to 3. This includes both assessments required by statute and those that are optional. The results of these are passed on to DCSF to compile statistics on trends and patterns in levels of achievement. The QCA uses the information to evaluate the effectiveness of the national curriculum and the associated assessment arrangements, and to ensure that these are continually improved. The contact details are:

[www.qca.org.uk](http://www.qca.org.uk)  
Data Protection Officer,  
QCA, 83 Piccadilly,  
LONDON,  
W1J 8QA;

Ofsted uses information about the progress and performance of pupils to help inspectors evaluate the work of schools, to assist schools in their self-evaluation, and as part of Ofsted's assessment of the effectiveness of education initiatives and policy. Ofsted also uses information about the views of children and young people, to inform children's services inspections in local authority areas. Inspection reports do not identify individual pupils. The contact details are:

[www.ofsted.gov.uk](http://www.ofsted.gov.uk)  
Data Protection Officer,  
Alexandra House,  
33 Kingsway,  
London WC2B 6SE;

The Learning and Skills Council (LSC) uses information about pupils for statistical purposes, to evaluate and develop education policy and monitor the performance of the education service as a whole. The statistics (including those based on information provided by the QCA) are used in such a way that individual pupils cannot be identified from them. On occasion information may be shared with other Government departments or agencies strictly for statistical or research purposes only. The LSC or its partners may wish to contact learners from time to time about courses, or learning opportunities relevant to them. The contact details are:

[www.lsc.gov.uk](http://www.lsc.gov.uk)  
Data Protection Officer,  
Cheylesmore House,  
Quinton Road, Coventry,  
Warwickshire,  
CV1 2WT

Primary Care Trusts (PCT) use information about pupils for research and statistical purposes, to monitor the performance of local health services and to evaluate and develop them. The statistics are used in such a way that individual pupils cannot be identified from them. Information on the height and weight of individual pupils may however be provided to the child

and its parents and this will require the PCTs to maintain details of pupils' names for this purpose for a period designated by the Department of Health following the weighing and measuring process. PCTs may also provide individual schools and LAs with aggregate information on pupils' height and weight.

The Department of Health (DH) uses aggregate information (at school year group level) about pupils' height and weight for research and statistical purposes, to inform, influence and improve health policy and to monitor the performance of the health service as a whole. The DH will base performance management discussions with Strategic Health Authorities on aggregate information about pupils attending schools in the PCT areas to help focus local resources and deliver the Public Service Agreement target to halt the year on year rise in obesity among children under 11 by 2010, in the context of a broader strategy to tackle obesity in the population as a whole. The Department of Health will also provide aggregate PCT level data to the Healthcare Commission for performance assessment of the health service. The contact details are:

[www.dh.gov.uk](http://www.dh.gov.uk)  
Data Protection Officer at Skipton House  
80 London Road  
London  
SE1 6LH

The Department for Children, Schools and Families (DCSF) uses information about pupils for research and statistical purposes, to inform, influence and improve education policy and to monitor the performance of the education service as a whole. The DCSF will feed back to LAs and schools information about their pupils for a variety of purposes that will include data checking exercises, use in self-evaluation analyses and where information is missing because it was not passed on by a former school.

DCSF, with the participation of LAs, operates the database known as ContactPoint. ContactPoint is an online directory available to authorised staff who need it to do their jobs. It is designed to allow practitioners to find out who else is working with the child or young person, making it easier to deliver more coordinated support. Schools are under a statutory duty to pass onto ContactPoint certain information. This consists of basic information about the child or young person, the contact details of the school and the contact address and telephone numbers for the parents or carers, / with parental responsibility, of the child or young person. (ie all natural parents, whether they are married or not; any person who, although not a natural parent, has parental responsibility (as defined in the Children Act 1989) for a child or young person; and any person who, although not a natural parent, has care of a child or young person. Having care of a child or young person means that a person with whom the child lives and who looks after the child, irrespective of what their relationship is with the child, is considered to be a parent in education law).

The DCSF will also provide Ofsted with pupil data for use in school inspection. Where relevant, pupil information may also be shared with post 16 learning institutions to minimise the administrative burden on application for a course and to aid the preparation of learning plans.

Pupil information may be matched with other data sources that the Department holds in order to model and monitor pupils' educational progression; and to provide comprehensive information back to LAs and learning institutions to support their day to day business. The DCSF may also use contact details from these sources to obtain samples for statistical surveys: these surveys may be carried out by research agencies working under contract to the Department and

participation in such surveys is usually voluntary. The Department may also match data from these sources to data obtained from statistical surveys.

Pupil data may also be shared with other Government Departments and Agencies (including the Office for National Statistics) for statistical or research purposes only. In all these cases the matching will require that individualised data is used in the processing operation, but that data will not be processed in such a way that it supports measures or decisions relating to particular individuals or identifies individuals in any results. This data sharing will be approved and controlled by the Department's Chief Statistician.

The DCSF may also disclose individual pupil information to independent researchers into the educational achievements of pupils who have a legitimate need for it for their research, but each case will be determined on its merits and subject to the approval of the Department's Chief Statistician. The contact details are:

www.DCSF.gov.uk  
Data Protection Officer,  
DCSF, Sanctuary Buildings,  
Great Smith Street,  
LONDON,  
SW1P 3BT

Pupils, as data subjects, have certain rights under the Data Protection Act, including a general right of access to personal data held on them, with parents exercising this right on their behalf if they are too young to do so themselves. If you wish to access the personal data held about your child, then please contact the relevant organisation in writing

### **What are your rights?**

Parents and pupils have the following rights in relation to the processing of their personal data.

You have the right to:

- Be informed about how Furness Vale Primary School uses your personal data.
- Request access to the personal data that Furness Vale Primary School holds.
- Request that your personal data is amended if it is inaccurate or incomplete.
- Request that your personal data is erased where there is no compelling reason for its continued processing.
- Request that the processing of your data is restricted.
- Object to your personal data being processed.

Where the processing of your data is based on your consent, you have the right to withdraw consent at any time

If you have a concern about the way Furness Vale Primary School and/or the DfE is collecting or using your personal data, you can raise a concern with the Information Commissioner's

Office (ICO). The ICO can be contacted on 0303 123 1113, Monday-Friday 9am-5pm.

**PLEASE COMPLETE AND RETURN THE ATTACHED DECLARATION**

**Furness Vale Primary School GDPR Data Protection Declaration**

I, ..... parent of  
..... declare that I understand:

- **Furness Vale Primary School** has a legal and legitimate interest to collect and process mine and my child's / children's personal data in order to meet statutory requirements.
- How my data is used.
- **Furness Vale Primary School** may share my child's/children's data with the DfE, and subsequently the LA.
- **Furness Vale Primary School** will not share my child's/children's data with any other third parties without my consent, unless the law requires the school to do so.
- **Furness Vale Primary School** will always ask for explicit consent where this is required, and I must provide this consent if I agree to the data being processed.
- My data is retained in line with the school's **GDPR Data Protection Policy**.
- My rights to the processing of my and my child's / children's personal data.
- Where I can find out more information about the processing of my and my child's / children's personal data.
